

*The Hollywood
Guest Book*

Welcome to “The Hollywood”

Thank you for choosing to stay at “The Hollywood” and we hope you enjoy your holiday in Cardiff. We have put together this welcome pack to help you make the most of your time in the holiday house, situated on the glorious South Wales coast.

We have made every effort to make the house as welcoming and as well appointed as possible.

Please note: all information in this Welcome Pack is correct at time of going to press. Please let us know if information can be added or updated.

Terms and Conditions: please turn to the back of this pack.

Please help us by stripping the beds and leave the bed linen in neat bundles on your day of departure.

Any damage, such as breakages, will incur a charge.

On departure day, it would be most helpful if you could leave us a note of any light bulbs that need changing, etc.

Broadband Access

For username and password please see the Wifi sign.

Parking at “The Hollywood”

When you first arrive, one of your first concerns will be where to park.

On arrival, you will be able to park anywhere on the street, without restrictions.

On Arrival

You will receive a set of keys to be retrieved from the key safe. Please call us immediately if you lose the keys, and on your day of departure, please leave the key in the pineapple bowl. Please make sure the front door remains locked at all times.

You will find a doorbell and Google ring system at the front door. The Google ring system can be used from the exterior of “The Hollywood” and can be used to get in touch with us. The system is there for your security.

As you enter, there is a light switch to your left. On your right, you will find the shoe storage unit, as most of the house is carpeted for added comfort, can we please ask our guests to do their best not to keep shoes inside the property.

Inside the Apartment

The apartment offers three bedrooms, a bathroom, a living room and a kitchen.

The Kitchen

The kitchen is fully equipped, including a fridge, freezer, microwave, washer, a cooker, and the combi boiler which supplies constant hot water. There is also crockery, cutlery, glass-ware, dining table and chairs and lots of storage space. You will also find a vacuum cleaner in the far corner of the kitchen. Instructions on how to use the kitchen appliances can be found under the sink in the kitchen along with some cleaning supplies.

Fire extinguisher and fire blanket: both of these are in the kitchen area in the top left cupboard.

First Aid: You will also find a First Aid pack in the kitchen – please let us know if you need to use any of the First Aid items so we can replace them for future guests.

Heating: During the winter, the heating is on constantly. We politely ask visitors to be aware we try to operate a ‘green’ policy – if you find the heating unnecessary, please turn the temperature down. You will find two thermostats to regulate the temperature, one for the underfloor heating downstairs and one for the upstairs radiators.

Please ensure that all refuse is disposed of in the bins provided.

We aim to recycle as much as possible to “play our part”. Please follow the recycling instructions provided on the bins as much as possible.

The Bathroom

The main bathroom includes a shower which is very simple to use and a bath, including shampoo and shower gel for our guests to use. Extra toilet paper is in the unit above the sink.

The Bedrooms

The Loft bedroom: the room comprises a double bed and its own private WC.

The Blue bedroom: along with a very comfy double bed and ambient lighting, the room offers a clothes storage solution for our guests’ use.

There is also a hairdryer and an ironing board in the room.

The Cwtch room: Two double beds are nested together and surrounded by ambient lighting to create a haven of comfort and calm.

The Lounge

In the lounge, you will find a Smart Tv with Netflix, instructions on how to use these can be found in the tv unit, along with various board games. You will also find a digital radio for you to use.

You will also find a sofa bed, easily opened by lifting and then pulling the bottom part of the sofa. Ready-made bedding can be found in the storage part of the sofa.

Please be aware that all the candles in the apartment along with the fireplace are for display purpose only. They are not to be used!

Fire Safety

In the case of fire - raise the alarm by shouting FIRE! as loud as you can. Phone the fire brigade on 999 from a safe place and do not attempt to extinguish the fire, ensuring doors are closed behind you. Keep down low to avoid smoke inhalation.

A fire blanket is provided in the kitchen with a fire extinguisher – these should only be used to put out small fires on the cooking tops like fat burning etc., not large fires. If these are used please notify us immediately so we can replace them and assess the fire damage.

This property is 100% NON SMOKING and this includes smoking from inside your bedroom with the window open. Any smoking in the house will not be tolerated. If you choose to smoke, you must do so off the premises on a public area. Please ensure the door is closed behind you to avoid smoke entering the house if the street is close to the house. Please be aware that if this rule is broken, a fee may occur.

The hall, landing and stairs must be kept completely clear of any obstruction and free of clutter at all times - this is a requirement of the local authority, as they form the fire exit route.

Never cover a toaster at all with anything and never put one in any kitchen cabinets, whether they are hot or cold. Deep fat fryers are not to be used at all as they are a major fire hazard.

Any additional furniture or appliance must be approved by us first. We will do a test on the equipment.

Step by Step: Using a Fire Blanket

Turn off the source of heat if it is safe to do so, if not do this as soon as possible after the flames have been extinguished.

Pull the fire blanket out of its container and stretch it out fully, making sure that it covers the size of the fire.

Keep the blanket at arm's length and approach the fire – looking over the top of the blanket, so you have a clear view of what you are doing.

Cover the burning pan, completely smothering the flames.

Leave the blanket in place for at least 30 minutes to an hour before removing to avoid re-ignition.

After putting the blanket on the flames – leave the room, shutting the door behind you and call the fire brigade. They will need to make sure everything is safe before you can re-enter the building, so this is important even if the fire has been put out.

Fire alarm system

The fire alarm system is very sensitive and will be activated by the slightest whiff of smoke! A false alarm in which either an engineer or the Fire Brigade are called out will result in a substantial fine being levied on the tenant responsible. The house is equipped of extremely sensitive sprinkler system, which will trigger is tempered with. Any unnecessary triggering of the alarms will occur a high fine, and repayment for all damages caused.

Kitchen Cooking

If you are cooking foods such as fish or meat and of course garlic, these can cause odours so please keep a window opened to help reduce the smells associated with this. The extractor fan should also be used whenever cooking.

Neighbours

We ask you to kindly consider occupants of the surrounding properties by keeping reasonable noise levels.

Hands-only CPR - NHS

If you have not been trained in CPR or worried about giving mouth-to-mouth resuscitation to a stranger, you can do chest compression-only (or hands-only) CPR.

To carry out a chest compression:

1. Place the heel of the hand on the breastbone at the centre of the person's chest. Place your other hand on top of your first hand & interlock fingers.
2. Position yourself with your shoulders above your hands.
3. Using your body weight (not just your arms), press straight down by 5–6cm on their chest.
4. Repeat this until an ambulance arrives.
5. Try to perform chest compressions at 100-120 chest compressions a minute.
6. When you call for an ambulance, telephone systems now exist that can give basic life-saving instructions, including advice on CPR. These are now common and are easily accessible with mobile phones.

CPR with rescue breaths - NHS

If you've been trained in CPR, including rescue breaths, and feel confident using your skills, you should give chest compressions with rescue breaths. If you are not completely confident, attempt hands-only CPR instead (see above).

Adults

1. Place the heel of your hand on the centre of the person's chest, then place the other hand on top and press down by 5–6cm at a steady rate, at approximately 100 compressions per minute.
2. After every 30 chest compressions, give two breaths.
3. Tilt the casualty's head gently and lift the chin up with two fingers. Pinch the person's nose. Seal your mouth over their mouth and blow steadily and firmly into their mouth. Check that their chest rises. Give two rescue breaths.
4. Continue with cycles of 30 chest compressions and two rescue breaths until they begin to recover or emergency help arrives.

In case of emergency

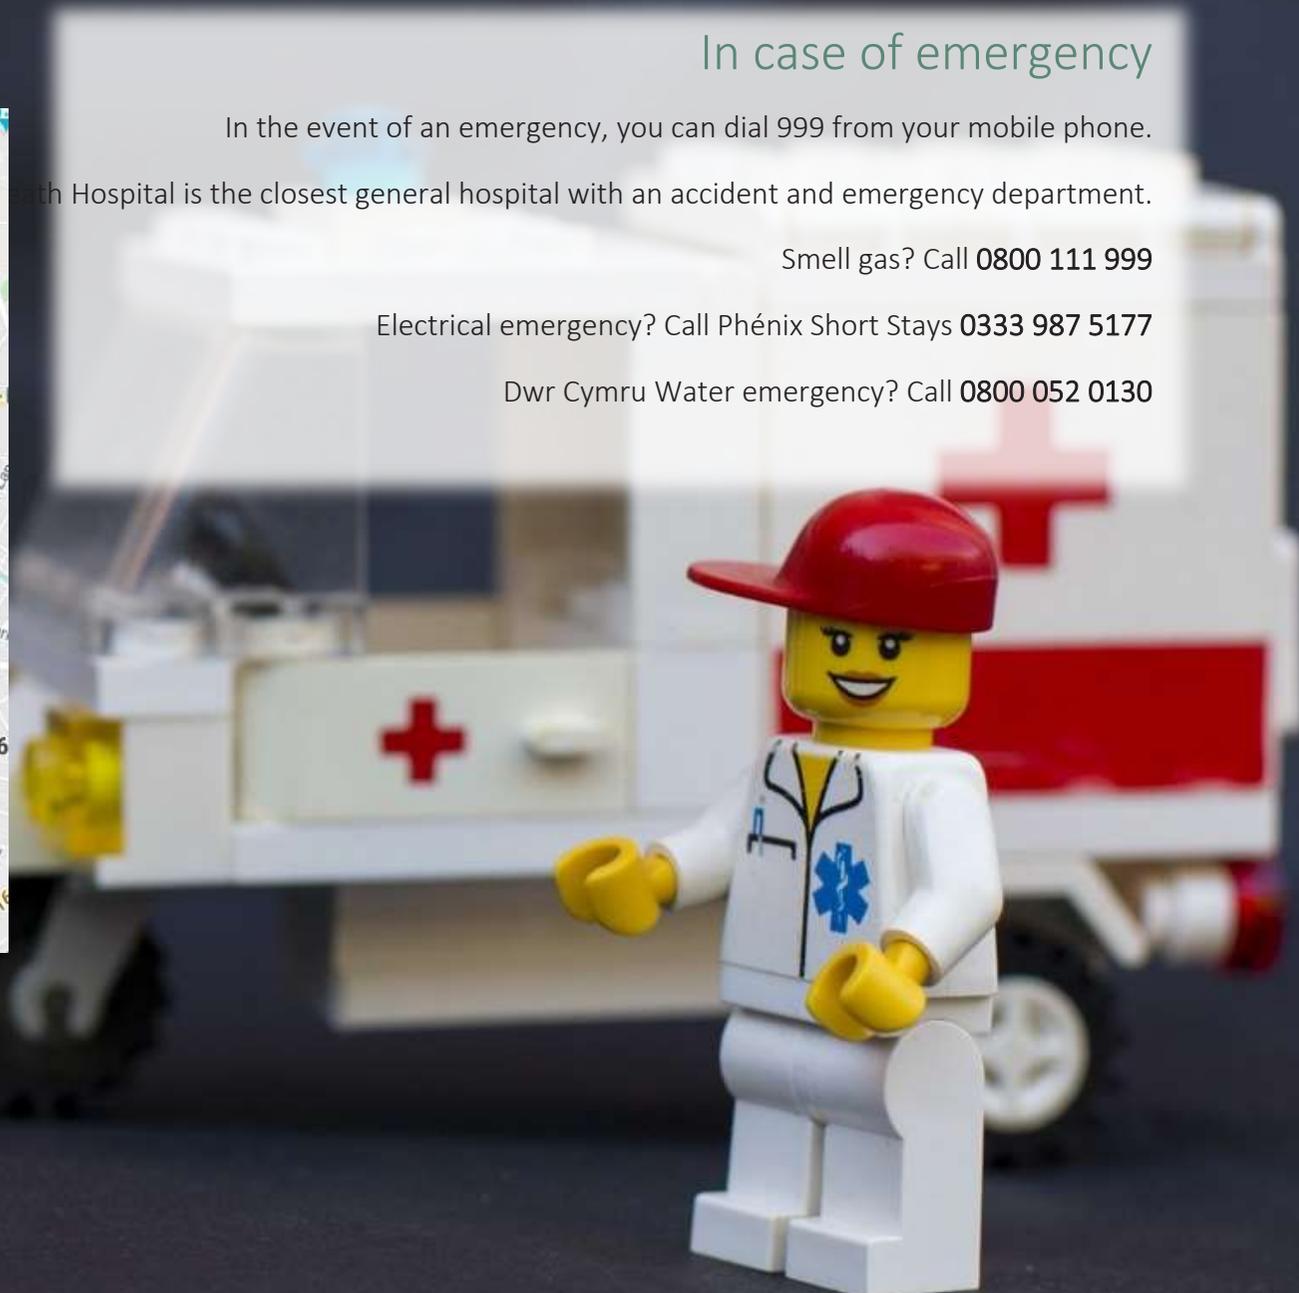

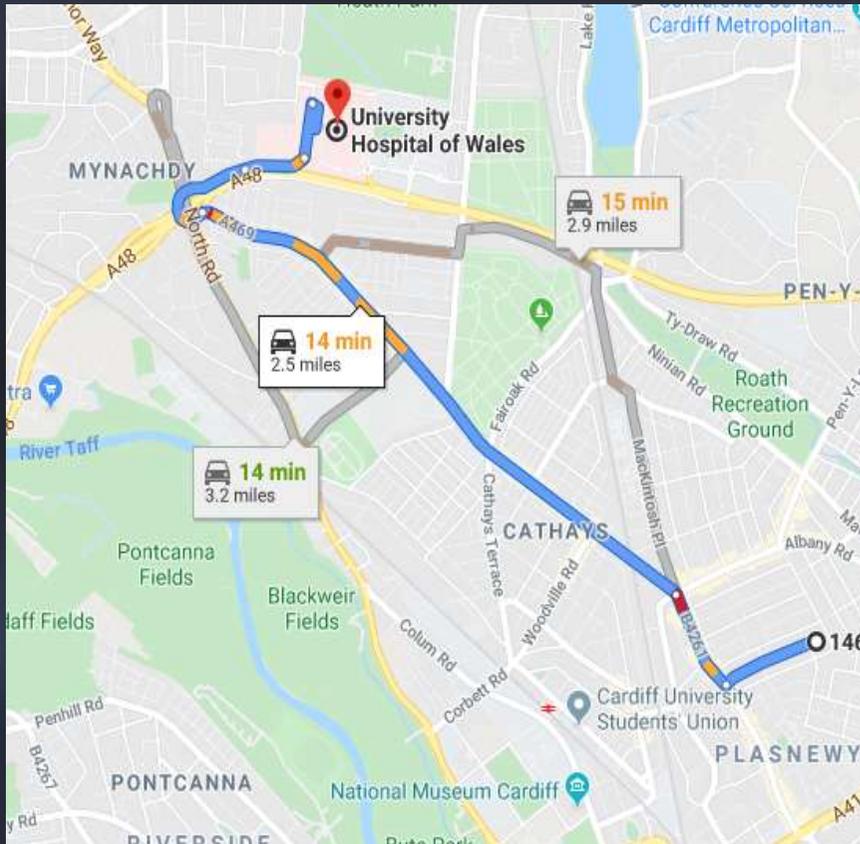

In the event of an emergency, you can dial 999 from your mobile phone.

Cath Hospital is the closest general hospital with an accident and emergency department.

Smell gas? Call **0800 111 999**

Electrical emergency? Call Phénix Short Stays **0333 987 5177**

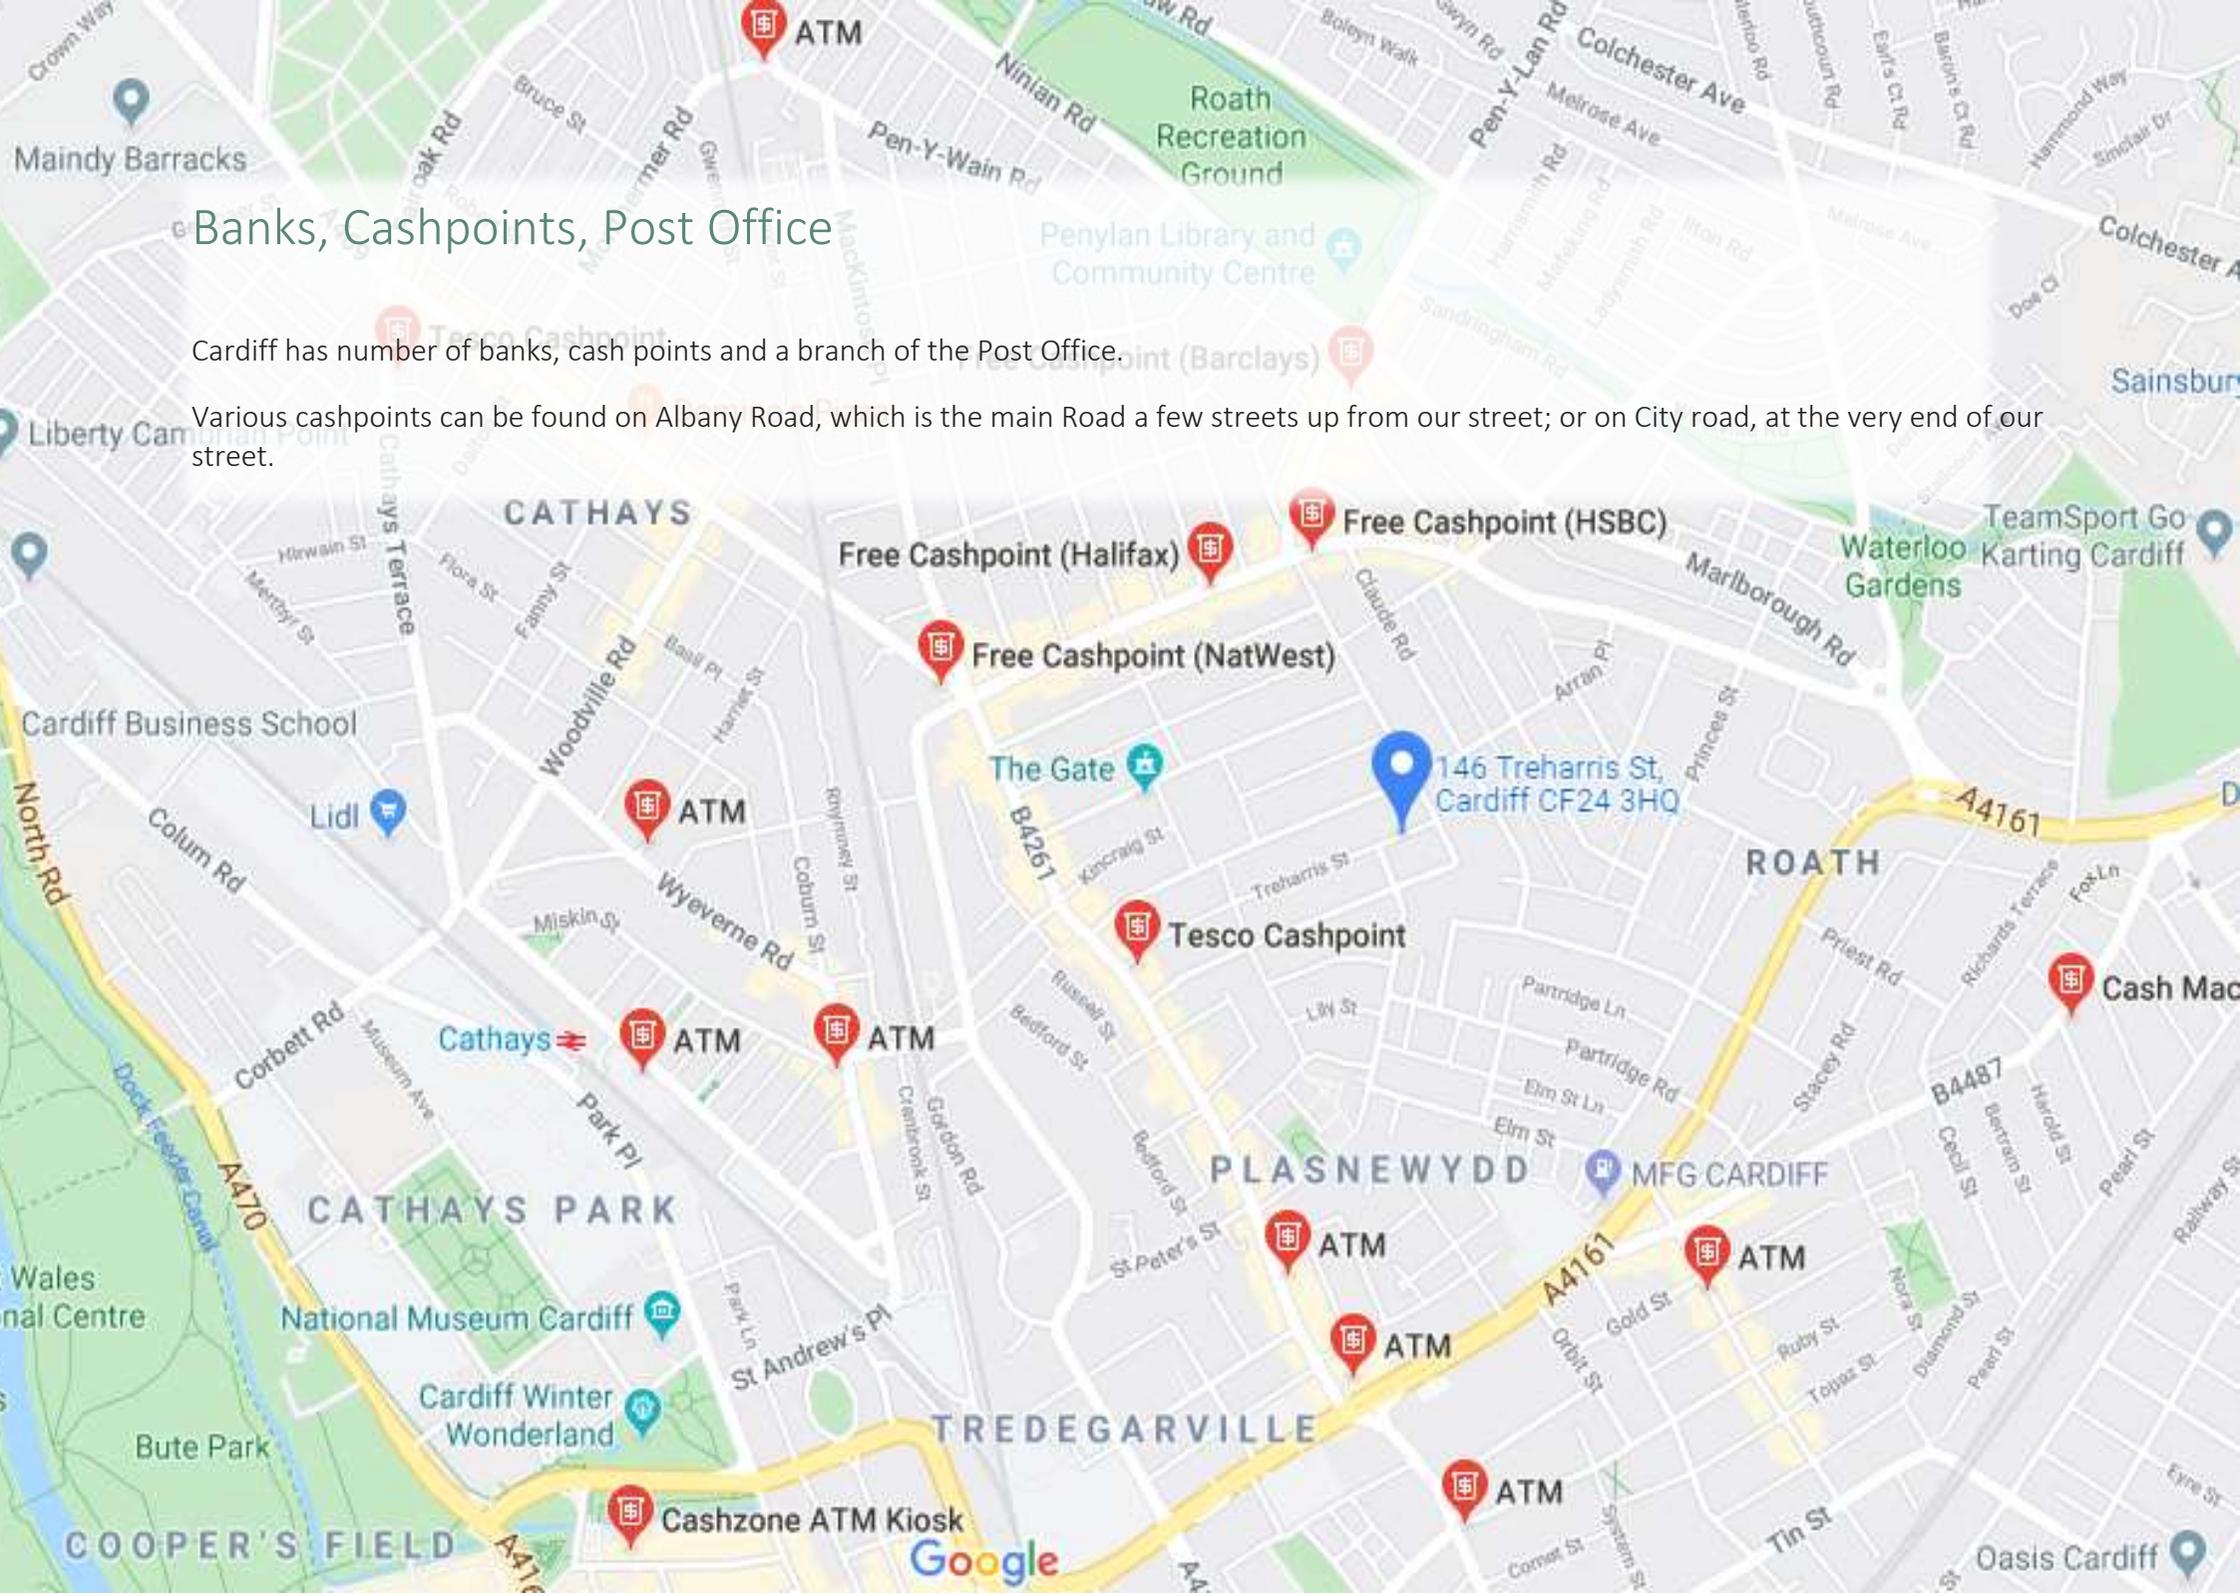

Dwr Cymru Water emergency? Call **0800 052 0130**
